scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Aisc Steel Design Guide 25

Design Guide 25, Frame Design Using Web-Tapered Members, provides guidance in the application of the provisions of the AISC Specification for Structural Steel Buildings to the design of web tapered steel members and steel frames composed of web tapered members. A discussion of fabrication is included, as well as a detailed description of stability design requirements for web-tapered members.

AISC DESIGN GUIDE 25 / FRAME DESIGN USING WEB-TAPERED MEMBERS / 1 This document provides suggested methods for the design of web-tapered I-shaped beams and columns, as well as frames that incorporate web-tapered I-shaped beams and/or columns. Both the requirements for analysis and rules for proportioning of web-tapered framing members are addressed.

Steel Design Guide - KetcauSoft

However, this information is equally applicable to similar tapered members used in conventional steel construction.
