The Planning Template uses three simple steps. In the first step, you will complete an assessment of four central elements: threat, criticality, vulnerability, and deterrent & response capabilities. You will then use this assessment's linked elements to assist you in subjectively quantifying risk, as the first portion of risk management.

### **Antiterrorism Force Protection Installation Planning Template**

The Vulnerability Assessment is a starting point for a common understanding of the risks, but it does not provide solutions. There are few easy solutions and most require additional coordination with the public, from private landowners, and resource agencies.
