Product Code/ISBN: 471648361 \$95.00 Get the best recommendations in the industry with Best Practices Guide to Residential Construction. This incredible must-have book will give you all the best, up-to-date recommendations that have been field-tested, and have been used by professionals themselves!

Best Practices Guide to Residential Construction ...

This Best Practices Guide is a good reference book, but I think it pales in comparison to the two volume reference put out by the Journal of Light Construction, the JLC Field Guide to Residential Construction (Volumes 1 & 2). The JLC guides have a much more uniform and cohesive format and illustration/graphic style.
