Code 1: "Hop One." This is an easy code to write, but a surprisingly weird and challenging one to decode! Just replace each letter with the one just after it in the alphabet. "Read a book," for example, would be "Sbbe a cppl." To make a "z"? Loop back to the start and write "a." Code 2: Capital Letters. Write a short passage ...

The classic game of Mastermind works well when solved as a whole group. The whole group must work together to crack the code. Alternatively, divide the group into two teams and each gets to set a code and try to crack the other teams code. The game, when played like this, is a good means to teach team work and problem solving.
