is that crime is (uncountable) criminal acts collectively while criminality is (uncountable) the state of being criminal. As nouns the difference between crime and criminality is that crime is (countable) a specific act committed in violation of the law while criminality is (uncountable) the state of being criminal.

Crime vs Criminality - What's the difference? | WikiDiff

In ordinary language, a crime is an unlawful act punishable by a state or other authority. The term crime does not, in modern criminal law, have any simple and universally accepted definition, though statutory definitions have been provided for certain purposes. The most popular view is that crime is a category created by law; in other words, something is a crime if declared as such by the ...
