Getting Organized in the Google Era: How to Stay Efficient ...

"Getting Organized In The Google Era: How To Get Stuff Out Of Your Head, Find It When You Need It, And Get It Done Right" by Douglas C. Merrill, former Chief Information Officer of Google, is an interesting look at using technology to organize things a bit differently than the traditional way organization has always been taught.

Getting Organized in the Google Era

This is why Merrill, who helped spearhead Google's effort to "organize the world's information," offers a wealth of tips and strategies for how to use these new tools to become more organized, efficient, and successful than ever. But if you're looking for traditional, rigid, one-size-fits-all strategies for organization, this isn't the book for you.

Getting Your Business Organized Using Google

And all that time us productivity junkies spend looking for that app, we could have spent just doing the things we were trying to get organized for. Instead of a single app, try this strategy with Google Drive, a platform with many powerful services to help you organize, improve, and dominate both your personal and professional life.

How to Organize and Dominate your Life with Google Drive

I ran across Getting Organized in the Google Era in an airport bookstore last month, and while I wasn't enamored enough to pay the \$23 retail hardcover price, I did add it to my library want list. The author Douglas Merrill was formerly the Chief Information Officer at Google, so I figured he might know something on the topic of organizing data in the digital age.
