Ntpc Power Plant Explosion Wikipedia

The NTPC power plant explosion was a boiler explosion that occurred on 1 November 2017 at a newly commissioned 500-megawatt unit of the Feroze Gandhi Unchahar coal-fired power plant. The plant is operated by government-owned National Thermal Power Corporation Limited, in Unchahar, Uttar Pradesh, India. The explosion killed 32 people who may have been cleaning ash from the boiler's interior.
