This is a not for profit online library that allows you to download free eBooks from its online library. It is basically a search engine for that lets you search from more than 466 billion pages on the internet for the obsolete books for free, especially for historical and academic books.

### Riveted The Science Of Why

"Riveted lives up to its title as a compelling investigation into the properties of our lives, the origins of which can be traced to the kind of species we are: why we plan, imagine, invent imaginary worlds, weep and laugh in chorus, delight in puzzles and incongruities, respond to patterns, rhythms, and repetitions, cluster in groups and create outsiders, seek attractive partners, and crave status.

### Riveted: The Science of Why Jokes Make Us Laugh, Movies ...

"Riveted lives up to its title as a compelling investigation into the properties of our lives, the origins of which can be traced to the kind of species we are: why we plan, imagine, invent imaginary worlds, weep and laugh in chorus, delight in puzzles and incongruities, respond to patterns, rhythms, and repetitions, cluster in groups and create outsiders, seek attractive partners, and crave status. To a better understanding of human nature, this book is a brilliant guide."
