Peter Mair's "Ruling the Void" is one of the foundational texts for understanding what has often been called the 'democratic deficit' in parliamentary politics today. The book focuses in particular on the changing role of political parties and systems based on party-mediated representation since the mid-20th century

'The hollowing of Western democracy'

The argument that Western democracy is being hollowed out, as political participation declines and party allegiance weakens, is now widely cited. Yet the indicators can be uncertain and until now there hasn't been a comprehensive comparative study.
