Sadness is a basic emotion, so therefore it's neither good nor bad. Being sad isn't a bad thing. On the contrary, it's actually quite healthy, because you're expressing a feeling that would have otherwise remained bottled up. You feel sad when pain is released, but if the pain isn't released, the damage only gets worse.

So I saw Infinity Wars on April 27th and ever since then, it left me thinking if Thanos really was the bad guy in the movie. Sure, for some he's the big bad news because he killed our favorites, he attacked planets and destroyed everything to get the stones. Now in the Infinity War, Thanos has looked at as the villain of the film.
