"The Firebird is a beautifully written story with characters that practically leap off the pages, a story that alternately broke my heart and healed it, and a pair of romances (or a trio, more accurately) that made me fall in love. This book made me laugh, made me cry (I seriously bawled happy tears through the last 30 or so pages), and made me certain that Susanna Kearsley has a talent like no other."

The Firebird is a sequel to The Winter Sea, and while it could stand alone, I strongly urge that TWS be read first. Fans of Kearsley are familiar with her dual time storylines, and the paranormal elements she incorporates to take the contemporary characters into the past.
