The Police Composite Sketch

The police composite sketch, one of the most crucial investigative tools in law enforcement, is developed during a composite session—an intense display of communication and art in which the words of a witness are transformed into the features of a suspect. Despite the incredible technological leaps made in investigative work, the forensic science of composite sketching still relies on the basic elements of drawing skill, interpretive ability and the spoken word.

The Police Composite Sketch - Bestwinkey

17. While this composite police sketch is easily one of the worst anyone has ever seen, believe it or not, it did actually lead to the arrest of a murder suspect in Bolivia. He must have really incriminated himself to get caught from this sketch. Wimp. 18. This composite sketch is so awful that it almost seems fake.

21 Of The Worst Police Composite Sketches Ever Circulated

The police composite sketch, one of the most crucial investigative tools in law enforcement, is developed during a composite session, an intense display of communication and art in which the words of a witness are transformed into the features of a suspect.

The Police Composite Sketch

Computers have played a role in police sketches since the 1960s, with the arrival of the identi-Kit composite software. Police departments without the resources to retain a bona fide forensic artist could instead purchase identi-Kit -- and now a host of other programs -- to automatically generate facial composites by selecting from a gallery of profiles and traits.

How Police Sketches Work | HowStuffWorks

The unbrow could probably use some work, but this composite sketch of serial killer Ted Bundy is pretty good. His coworkers and a professor at his college recognized the sketch as Bundy, but police weren't so sure. It was hard to believe that a law student with no record could be responsible. As a result, Bundy kept on killing.

The Best and Worst Criminal Composite Sketches

A facial composite is a graphical representation of one or more eyewitnesses' memory of a face, as recorded by a composite artist. Facial composites are used mainly by police in their investigation of (usually serious) crimes. These images are used to reconstruct the suspect's face in hope of identifying them.
