On the Way to the Web: The Secret History of the Internet and Its Founders is an absorbing chronicle of the inventive, individualistic, and often cantankerous individuals who set the Internet free. Michael A. Banks describes how the online population created a new culture and turned a new frontier into their vision of the future.

On the Way to the Web: The Secret History of the Internet ...

The Way of the Web Tester is really The Way of the Conscientious Web Developer, providing a comprehensive journey through automated behavior-testing for web applications, from round-trip UI tests to fast-running unit tests. The examples are never simplistic, and helpful characters, including Diane the Developer and Tim the Tester, seem to know exactly what the reader is thinking.

The Way of the Web Tester

The Webway exists as a labyrinth between the Materium and the Warp. It exists as a part of both yet existing in neither. [5a] In fact, it has been described as not being a true dimension but instead a complex network of capillaries and arteries.

Webway - Warhammer 40k - Lexicanum

The Webway is a hyper-dimensional construct that spans the dimensions of Creation, primarily defined by the fact that it sits between the material realm and the roiling tides of the Warp, an interstice comparable to the fabric of a veil cast over something foul.

The Way (TV Series 2017-) - IMDb

Why web development? Web development is a field that is not going anywhere anytime soon. The web is moving quickly, and there are regular improvements to the devices many people use daily. Cloud-based applications have allowed us to do the heavy lifting in the cloud and use the browser as a bridge to connect powerful backend servers with less capable and powerful frontends.

The Best Way to Learn Frontend Web Development

The world wide web, or WWW, was created as a method to navigate the now extensive system of connected computers. Tim Berners-Lee, a contractor with the European Organization for Nuclear Research (CERN), developed a rudimentary hypertext program called ENQUIRE.
